Welcome to TimePlan!

Well done! The fact that you are reading this means that you have successfully met our selection criteria and have been accepted onto TimePlan's register. Whether you have already been placed in a school, or are looking forward to daily supply, we are delighted to be able to welcome you to the TimePlan team.

TimePlan, the UK's first ever agency for schools and teachers, was established in 1989. We have been around longer than the rest and have a proven track record. TimePlan has many unique points but probably the most important one is that all our co-ordinators are themselves qualified teachers. This fact alone sets us apart from all other teaching agencies, and furthermore, our co-ordinators are salaried and do not receive commission. They therefore have no financial motive for filling jobs, just the professional incentive to select and match the right teacher to the specific requirements of each individual school and vacancy.

It might seem like there is loads of paperwork for you to complete, but we assure you that it is all important. TimePlan prides itself on strict vetting and child protection checks. Not only does TimePlan hold the DfE Quality Mark but we have also been found 100% compliant in all our Quality Mark inspections. Our vetting and checks are second to none, which is why our schools choose to use us first.

Resource Libraries

Go online with our free Internet facilities. Surf the net, search for accommodation or even email and chat with friends and family. You will find photocopying facilities and a wealth of information on teaching tips, lesson plans and the UK Curriculum in our offices around the country.

Cash Bonus

TimePlan recognises your commitment to teaching by rewarding regular service with cash bonuses. Currently, you'll receive a £50 bonus once you've worked 15 days for TimePlan. Whether you put it towards a weekend away or simply add it to your savings account, the choice is yours!

Social Events

Our social events are a great way to meet other TimePlan Teachers and connect with old friends. These events are held at convenient and central locations throughout the country. Come along for some fun and a drink on us!

Training & Workshops

At TimePlan we think that ongoing training and learning new skills is imperative. TimePlan is committed to developing your skills in the classroom by running regular FREE training seminars and workshops throughout the year.

Types of Work Available

Day-to-Day Assignments

Daily supply arises when a staff member at a school is sick, on a training course, or for unforeseen reasons is absent. Daily supply work is a great way to work in a wide variety of schools, and offers flexibility to work as and when you want.

Guaranteed Work

At TimePlan we also offer guaranteed supply work, giving you the security of a long term job and a fixed income, with the variability of daily supply teaching. We guarantee you daily supply work for a fixed number of days, and pay you even if we have no work, as long as you were available.

Short/Long Term Appointments

These typically involve a teaching block of a term or more and can often be planned further in advance. Positions of this kind offer greater stability and also the opportunity for you to set up your own classroom and involve yourself fully in school life. With this comes additional responsibility and of course end of term reports.

Permanent Teaching Positions

Whether you are relocating or simply looking for your next professional move, using TimePlan to match school vacancies and your needs is part of our mantra. Fully qualified teachers are able to apply for various vacancies nationwide and secure a permanent contract directly through a school. Positions range from Induction placements to Senior Leadership roles.
